

NEED IT NOW!

Introducing the newest way to get what you need when you need it – guaranteed!

Bayer is pleased to announce that as of March 13, 2006 any order placed with a standard lead-time will be backed with a 5% penalty per day late shipped.

THAT'S RIGHT.

Bayer's Standard lead-times are now guaranteed by significant penalties if we're late!

AND THAT'S NOT ALL!

We will be contacting you within the next few weeks to discuss the launch of our ***NEED IT NOW!*** ultra short lead-time options. One week? Can do! Two weeks? Absolutely! Guaranteed! We want to be your most valued supplier and we're backing it up with cold hard cash!

Of course, there are qualifications and limitations to the lead-time guarantee, and we can discuss those when we talk. But we will demonstrate there are no "gotcha's" or "holes" in our commitment. Bayer is leading the industry with this promise and it's one we intend to keep!

If you ***NEED IT NOW!*** you need Bayer as your supplier. Call today and put us to the test.

Best regards,
The Bayer Team
